

We now accept debit and credit cards online!

Instructions for Using the Online Payment System To Pay with a Debit or Credit Card

- Log onto the White River School District website www.whiteriver.wednet.edu
- Go to “Our Schools” then “Glacier Middle School”
- Click on “Online Payment” under “Quick Links”
- This will take you to the login screen for the online payment system. Log in using your Family Access username and password.
- If you need to reset your Family Access username or password, you will need to wait 24 hours after resetting for the system to update your login information.
- Once you login, you will see all the children in your family that are students in the White River School District. However, at this time, the online payment service is only available to White River High School and Glacier Middle School students.
- Click on your GMS student. If the student has fines or fees to pay, you will see a red box with an “Attention” message. Click on “view” to view and pay those fines and fees.
- Click on any other fee categories that you would like to pay—sports user fees, clubs, yearbook, etc.
- The checkout process is the same as other online shopping sites.
- You will be charged a \$1.50 transaction fee for using this service.
- Through this website, you can also view your student’s payment history. Just click on the “Purchase History” box to see all purchases for the year.
